

# Universal Holdowns

The Siemon Universal Holdown (SUH) allows you to fasten mating connectors in a fast and simple manner. The holdowns have a metal bracket and a hook and loop strap. The metal bracket is simply secured under panel-mount 25-pair connectors or DB25 connectors using existing hardware. The hook and loop strap is used to quickly secure a mating connector.

## PATENTED

*The Siemon Universal Holdown shown attached to a 66 block for cable management*

*Universal Holddown with mated connector secured*

<ul style="list-style-type: none"> <li>• Various styles of metal bracket and hook and loop design</li> </ul>	<ul style="list-style-type: none"> <li>• Accommodates 90° or 180° and side-by-side panel mount connectors</li> </ul>
<ul style="list-style-type: none"> <li>• Color coded hook and loop material</li> </ul>	<ul style="list-style-type: none"> <li>• Available in nine colors to color code assemblies</li> </ul>

Ordering Information

**90-Degree "AR" Style Holddown**

The 90-degree SUHAR style holddown is used to fasten mating 90-degree 25-pair connectors. The "AR" style features a closed loop, one-piece hook and loop strap that wraps around the mating connector.

<b>Part Number</b>	<b>Description</b>
SUHAR-1C-B .....	90-degree closed loop "AR" style holddown, black

**90-Degree "BR" Style Holddown**

The 90-degree SUHAAR style holddown is also used to fasten mating 90-degree 25-pair connectors. The "BR" style features an open loop, two-piece hook and loop strap that adheres together to secure the mating connector.

<b>Part Number</b>	<b>Description</b>
SUHBR-2C-B .....	90-degree closed loop "BR" style holddown, white

**90-Degree "D" Style Holddown**

The SUHD style holddown is used to fasten mating side-by-side 25-pair panel-mount connectors. It has a double metal bracket and a closed loop hook and loop strap.

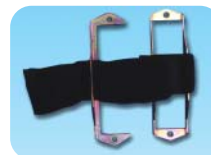

<b>Part Number</b>	<b>Description</b>
SUHD-1C-B .....	90-degree closed loop "D" style holddown, black

**180-Degree "AR" Style Holddown**

The 180-degree "AR" style holddown is used to fasten mating 180-degree 25-pair connectors. It has a one-piece metal bracket and a hook and loop strap.

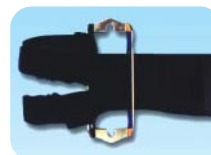

<b>Part Number</b>	<b>Description</b>
SUHAR-1C-B-180 .....	180-degree "AR" style holddown, black

**180-Degree "DB25" Style Holddown**

The 180-degree "DB25" style holddown is also used to fasten mating 180-degree connectors. It has a one-piece metal bracket and a hook and loop strap.

<b>Part Number</b>	<b>Description</b>
SUH-DB25-1C-B .....	180-degree "DB25" style holddown, black

Specifications

<b>Hook &amp; Loop Specifications</b>	<b>Color:</b>	Black, white, red, grey, yellow, blue, green, violet or orange
	<b>L x W:</b>	Length= 203mm (8 in.), Width= 25.4mm (1 in.)
<b>Hook &amp; Loop Operating Temperature Range</b>	<b>0-105° C: (0-220° F)</b>	Flame retardant velcro strap that meets acceptance as a wire 0-220° Positioning Device (16SA) in air handling spaces and this allows the Velcro strap to be used for wire or cabling management above a hung ceiling or below a raised floor
<b>Bracket Specifications</b>	<b>L x W x H:</b>	Length= 82.55mm (3.25 in.), Width= 20.83mm (.82 in.), Height= 8.89mm (.35 in.)
	<b>Material:</b>	C.R.S.; zinc plated with yellow chromate finish .889mm (.035 in.)
